

EU-Jamaica: Country project examples

#GlobalGateway #TeamEurope

January 2024

CLIMATE & ENERGY

- Supporting Jamaica's National Energy Policy to achieve 50% of energy production from renewable sources
- Help mobilising capital to finance a sustainable transition
- Development of the green bond market (Global Green Bond Initiative)

TRANSPORT

Kickstart investment in infrastructure development and management, including solid waste management, to protect the environment in the area of Kingston Harbour.

Kingston

DIGITAL

Combining cooperation tools with blended finance and private investment to boost connectivity, skills and the modernisation of the digital sector (EU-LAC Digital Alliance).

These outputs do not capture the whole of the Team Europe engagement in country. They capture concrete infrastructure investments under Global Gateway. They will be accompanied by soft measures in a 360° approach, so as to improve the policy, regulatory and business environment, develop skills, foster innovation and transfer technology.

The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the European Union.
